About Your Students' Union

Your Students' Union is a charity dedicated to improving the lives of students across the Coventry University Group.

We have an amazing history of activity, support, inclusion, and representation since we were first formed in 1960. Over this time, we have shown that we are doing things first, doing things differently and involving everyone, no matter their background. We have grown rapidly and as we approach £5M turnover, and 100 permanent members of staff, we are looking for volunteers to support us with our next stage of development.

We are student-led through our Student Officers who our members elect every year to represent and deliver the changes and action they want to see.

These officers are supported by a dedicated team of staff that deliver the variety of services we offer from Sports Clubs and Societies to Advice and Skills.

About CUSU Services

In addition to the charity, we also have a trading subsidiary (CUSU Services Ltd) that works to provide a surplus to enable the charity to do more to support students and diversify income. Current commercial activities include catering outlets, partnerships, merchandise and a creative agency. We have recently acquired a bar, cinema and student entertainment venue as well as having several other commercial projects in the pipeline.

By 2027, CUSU Services will have developed new and existing enterprise ventures, that are reliable, relevant and sustainable for our students and our wider communities. We will be recognised as an entrepreneurial trading subsidiary that is truly *Powered By Students*, accelerating their employability opportunities and development.

Our Strategy

In 2022 we launched our ambitious strategy to support student success and help all students at Coventry University Group to fulfil their potential.

We recommend that you look at [our website](#) to see our strategy in full and understand what we want to achieve for our members. You can also watch [a video](#) of everything we achieved last year to support this mission.

Underpinning our strategy and the ongoing work of the Students' Union is our values:

- **We will be helpful.** We aim to support students, create solutions and make university life better. We will respond quickly and efficiently to problems and enquiries and use feedback to continually improve our services.
- **We will be inclusive.** We aim to be accessible for all students. We will strive so that everyone who works or engages with us feels that they belong, as diversity makes us stronger.
- **We will be ethical.** We aim for positive social and environmental impact in all our decisions. We will behave with responsibility, integrity and fairness.

A message from our Officers

We are progressing through our 2022-2026 Strategic Plan and making significant progress toward our strategic goals.

The recent addition of a sports centre and catering/entertainment venues has generated a great deal of optimism about the future opportunities for the Students' Union.

However, we are navigating a challenging financial climate within the sector, making strong governance and leadership essential to ensure our continued success.

We trust that this pack will give you a comprehensive overview of our organisation, and we appreciate your interest in our board vacancies.

The Role

We are looking to appoint a new Trustee to join our Board of Trustees and act as chair to the Finance and Audit Sub-Committee.

We will also require the trustee to support our whistleblowing policy, acting as the nominated trustee contact for whistleblowing concerns. You'll champion openness and ensure the organisation has safe, fair, and effective processes for raising and handling concerns.

Your SU is overseen by our [Board of Trustees](#), and our trading subsidiary (CUSU Services Ltd) is overseen by our [Commercial Services Board](#). They are both made up of a collection of our elected Officers, students, university staff and external professionals that ensure the Charity and the Trading Subsidiary remain sustainable in terms of finance, legality and reputational status.

Please note that this is an unpaid voluntary role.

What skills should you have?

Trustees/Directors make decisions on behalf of the organisations ensuring the activities of the SU remain within their charitable objectives and that operations remain compliant within the law. They set the overall strategy and are accountable for the management of the permanent staff.

We are seeking an experienced professional in their respective field who is truly passionate about and dedicated to our mission.

For this trustee role, we are looking for an experienced professional ideally with third-sector governance experience. In addition to being a member of the Board of Trustees the trustee will be required to chair the Finance and Audit sub-committee and should possess a strong finance background with analytical skills and the ability to communicate complex financial information.

We will also require the trustee to support our whistleblowing policy and champion openness and ensure the organisation has safe, fair, and effective processes for raising and handling concerns.

Time Commitment

You will be expected to attend Board meetings 4 times per year – these will be a mix of in person and Teams meetings.

You will also be expected to support at least one sub-committee of the Trustee Board (3-4 times per year) as well as complete training and induction.

You will need some time to allow for pre-reading of reports and other documentation before meetings.

Trustee meetings are typically held on a Friday afternoon 1pm-4pm.

Most of the meetings are online, although you would be offered travel expenses for any face-to-face meetings (and hybrid meetings are usually offered if you do need to join remotely.)

There is also a strategy day once a year as well as the occasional social activity!

Closing date for applications
10 am on 23rd January 2026

We aim to have diverse representation on our Board, and welcome applications from individuals who have experience of or identify with under-represented and liberation groups. We are especially keen to encourage expressions of interest from people currently under-represented within the organisation, including but not limited to those from the LGBTQ+ community, people with disabilities, and those from a Global Majority background.

We are a disability confident employer and candidates with a disability will be guaranteed an interview, providing they meet in full all the essential requirements of the post.

We are actively committed to promoting equality and diversity, and expect all staff, students, and volunteers to share this commitment.

Appendix 1:

Below is a list of circumstances which may prevent you from becoming a Trustee or Company Director:
